Re: Parking Rates

I am requesting a delay on forwarding the changes for parking meter rates and parking fines to Council for approval.

Jack Waaler, Pat Pioletti and I are working with the City of Champaign on coordinating all details involved with the rate increases, including an effective date and equipment purchase. As soon as these details are worked out we will bring the ordinances to Council for approval.

Thank you.

Re: Parking Fine and Rate Increases

At the August 27, 2001, meeting of Committee of the Whole, Council forwarded to the September 4th meeting an increase in some parking rates and fines. Council requested a clarification of the motion. The below rates noted in **bold** were increased by Council and the remainder were left unchanged.

- **Meter rate campus district and hospital district - \$.75 per hour.**
- Meter rate downtown district - \$.25 per hour.

- **Meter violation fine campus district and hospital district - \$10.00 initial and \$15.00 after 72 hours.**
- **Meter violation fine all other locations - \$5.00 initial and \$7.00 after 72 hours.**
- **Street/Lot Overtime - \$5.00 initial and \$7.00 after 72 hours.**
- Restricted violation fine all areas of the city - \$10.00 initial and \$15.00 after 72 hours.
- Prohibited violation fine all areas of the city - \$15.00 initial and \$20.00 after 72 hours.

The impact on parking fine revenue is a very “what if” amount and could be affected greatly by how the users of meters on campus respond to a significant increase in meter and fine rates. Conservatively, the revenue increase could range from \$65,000 to \$160,000.

Attached is a revised comparison chart for fines in Urbana, Champaign and the University. I have also included a map defining the campus and hospital areas.
