RE: Correction and approval of the Proposed Schedule of Fees

Brief Description of the Item

During the 45-day review period City staff has proposed two changes to the Fee Schedule:

1. Community Development personnel determined that the language in the Fee Schedule covering Section (F) Electrical; 2. Fees for New Residential, (page 13) needs clarification. Attached is language clarifying the electrical permit fee for single-family dwellings and two family and multi-family dwellings.

2. Increase the meter rate on specific north campus streets from \$.50 to \$.75 per hour. The streets, Clark, Main and Stoughton will eventually be vacated to the University. A parking garage and other buildings are under construction and the demand for residential parking has decreased eliminating the need for any rate differential on these streets. Attached is a strikeout version showing the proposed change.

Also, attached for your files is a "clean" version of the proposed 2004-2005 Schedule of Fees with all proposed changes reflected.

Recommendation

Approve the proposed changes to the 2004-2005 Schedule of Fees.

Addendum

Also, I would like to advise you that a proposed revision to our Vehicles for Hire ordinance is forthcoming within the next few weeks. The proposed revision includes changes to the license fees for taxicab/limousine businesses and taxicab/limousine drivers. These changes are not included in the Schedule of Fees that is on the Council agenda May 3, 2004. Changes to the Schedule of Fees will be included at the time the proposed Vehicle for Hire ordinance is presented to Council.
