SUBJECT: AN ORDINANCE APPROVING AN AMENDMENT TO A CITY OF URBANA COMMUNITY DEVELOPMENT BLOCK GRANT SUBRECIPIENT AGREEMENT (Center for Women in Transition/Project No. 0809-AAP-02)

Description

Included on the agenda for the July 13, 2009 special meeting of the Urbana City Council is an ordinance approving an amendment to the City of Urbana Community Development Block Grant (CDBG) Agreement (Center for Women in Transition/Project No.0809-AAP-02). The approval of the proposed amendment would extend the timeline for completing this project from June 30, 2009 to December 31, 2009.

Issues

The issue is whether the Urbana City Council should approve the ordinance approving the proposed amendment to this agreement.

Background

As part of the FY 2008-2009 Annual Action Plan (AAP) process, the Urbana City Council approved Ordinance No. 2008-04-028 approving an agreement with Center for Women in Transition to provide funding for the installation of a new HVAC system at the Evans House, located at 506 East Church, Champaign. In the FY 2008-2009 AAP funds were originally allocated to CWT for two projects, the renovation of a duplex at 304 North Fifth Street and the installation of a new HVAC system at the Evans House (506 East Church, Champaign).

After discovering the requirements associated with the CDBG funding would not be practicable for the Fifth Street house because it was nearly complete, CWT requested that the City amend its Action Plan and allocate all of the funding from both projects to the Evans house project. This action was requested because additional funds would be needed to address rising costs associated with the Evans House HVAC project from the time the project budget was originally estimated.

In a letter dated May 20, 2009, (copy attached) the Center for Women in Transition asked the City of Urbana for a three-month extension of the grant agreement for installation of the HVAC system for the Evans House at 506 East Church Street, Champaign. The extension is needed due a delay in the construction permit process. The City of Champaign revised its interpretation of the building's use type and requested submittal of plans sealed by a Mechanical Engineer. CWT became aware of this additional requirement after the contractor had applied for and received a permit for this project. CWT is working with an engineering firm to fulfill the additional requirement and will update City of Urbana staff as the project progresses.

At its June 30, 2009 rescheduled regular meeting, the Urbana Community Development Commission voted unanimously to forward the ordinance to the Urbana City Council with a recommendation for approval.

Options

1. Approve the ordinance approving the amendment to the agreement with Center for Women in Transition.
2. Approve the ordinance, with changes.
3. Do not approve the ordinance.

Fiscal Impacts

This amendment would not have any direct fiscal impact as these funds have been previously budgeted. Changing the amount of time required for completion of this project will not have a negative impact on the City's required expenditure of CDBG funds, as the project should be completed before the next required timeliness test by HUD.

Recommendations

Staff and the Community Development Commission recommend that the Urbana City Council approve the ordinances authorizing the execution of the amendment to the agreement.
