MEMORANDUM

FROM: Bill Gray, Director of Public Works
Gale Jamison, Assistant City Engineer
DATE: May 4, 2010
RE: Champaign-Urbana Solid Waste Disposal System (CUSWDS) FY 1011 Budget

Action Requested

Approval of an ordinance approving the CUSWDS budget for the 2010-11 fiscal year.

Discussion

The Champaign-Urbana Solid Waste Disposal System was created in 1976, when both cities consolidated solid waste disposal operations by an intergovernmental agreement. Now the System is responsible for certain post closure monitoring activities at the closed Urbana Landfill Complex as required under the terms of the Hoesman Agreement, wherein the Cities agreed with adjacent property owners to perform post closure activities for a thirty year period, ending in November 2018. The CUSWDS chairpersons are the Champaign City Manager and the Mayor of Urbana. Staff support is provided by the CUSWDS co-directors who are Champaign's Operations Manager and Urbana's Assistant City Engineer.

The agreement provides that the two cities annually approve the budget. The proposed budget was approved by the CUSWDS chairpersons at the April 14 meeting. Attached is an explanatory memorandum, dated April 12, 2010 that describes the \$44,867 budget, and a copy of CUSWDS Resolution #0910-02 that approves the budget. Urbana's Assistant City Engineer administers the budget directly and the System reimburses Urbana for a portion of the manager's salary and administrative costs.

Fiscal Impact

The budget requires a contribution of \$19,072 from Urbana and these funds have already been budgeted in the City's budget document.

Recommendation

Approval of the budget ordinance.

RE: Proposed CUSWDS Budget for FY 2010-11

Action Requested

Approval of the CUSWDS budget for the 2010-11 fiscal year.

Discussion

Please find attached the proposed annual operating budget for the Champaign-Urbana Solid Waste Disposal System (CUSWDS) for the 2010-11 fiscal year. Pursuant to the CUSWDS Agreement, the budget becomes effective following the approval of the CUSWDS Chair and Co-Chairperson, and submittal to and approval by the Councils of Urbana and Champaign. The CUSWDS fiscal year, as with the municipal budgets, begins July 1.

The System provides certain post-closure care activities at the Urbana Landfill Complex for the 24, 17 and 10 acre units. This is required under the terms of the Hoesman Agreement, wherein the Cities agreed with adjacent property owners to perform such activities for a thirty-year period, ending in November 2018.

Review of FY 0910 activities:

- The Eighteenth Annual Report of the Landfill Complex was completed by Nick Schneider through Rapps Engineering. Based upon laboratory analyses of groundwater collected during 2009 from monitoring wells at the landfill complex, and statistical evaluation of those data, there is no indication that there has been a release of leachate from the landfill units into the Glasford formation aquifer.
- Water sampling and analyses were performed pursuant to the monitoring plan.
- Water quality data is continuing to be entered into a database management system, based on USEPA's Statistical Analysis for Groundwater Data.
- Activities were conducted to address leachate seeps and erosion control measures.
- An inspection of the Saline Ditch was conducted in November 2009.

Proposed activities for FY 0910:

- Continue groundwater sampling and analyses pursuant to recommendations of the Annual Report.
- Prepare the Nineteenth Annual Landfill Report.
- Continue monitoring of above grade surface conditions and perform maintenance as may be required.

Proposed Expenditures

Expenditures for the proposed budget total \$44,867. Administrative costs amount to \$10,487 and \$34,380 is budgeted for operational expenses. The budget is similar in amount and scope as in previous years and administrative costs reflect a reimbursement to the City of Urbana for 10% of the environmental manager’s salary and benefits and related minor office costs. A detail of the proposed operational expenses are as follows:

Water sampling and analysis	\$ 7,380
Professional Services	\$12,000
Contractual Repairs	\$14,500
Misc. supplies	\$ 500

Revenues

The University of Illinois will contribute 20% of proposed expenses, pursuant to intergovernmental agreement. Based upon proposed expenses, their share would equal \$8,598. The remaining revenue allocation is normally split equally between Champaign and Urbana, except that Urbana has the responsibility to pay for monitoring costs for the 76 acre site (for well 1-G103 and the 6-G series wells) in addition to their 40% share. The 40% shares for both cities amounts to \$17,197 and the additional monitoring costs for Urbana next year amount to \$1875. Therefore Urbana’s share totals \$19,072.

Recommendation

Approval of the 2010-11 budget as presented.
