

**CITY OF URBANA, ILLINOIS  
FINANCE DEPARTMENT**

**MEMORANDUM**

**TO:** Mayor Marlin and City Council Members

**FROM:** Elizabeth Beaty, Administrative Services Manager  
Elizabeth Hannan, Finance Director

**DATE:** April 15, 2019

**SUBJECT:** **Annual Revision of the Fee Schedule**

**Introduction:** Attached is the proposed fee schedule for fiscal year 2019/2020. No council action is required at this time except to forward the schedule to the City Council meeting on May 20, 2019 for action then.

Staff reviews license, permit and service fees periodically to keep pace with the cost of providing the services, which is mostly personnel costs. The Urbana City Code requires the proposed Schedule of Fees be reviewed by the City Council and put on file with the City Clerk's Office at least thirty (30) days prior to final action by the City Council. During that time, the Schedule of Fees is available for public inspection and comment at the City Clerk's Office and on our website. A notice that the schedule is available for review is published in the News-Gazette.

**Background:** Revenue from service charges, license and permit fees, stormwater utility and sewer benefit tax will generate around \$79,150 in additional revenue for this coming fiscal year, if the proposed increases are approved. Annual liquor license fees will not increase. The City's policy is to increase these fees to maintain pace with increasing costs of providing the related services. Larger fees such as the sewer benefit tax are adjusted annually. Some fee increases are based on projections made from the amount of work performed and the costs involved, while other fees, such as the stormwater utility fee are planned increases. For smaller fees, the percentage increase may appear larger in order to reflect a slight increase in the fee.

This year, Finance staff is proposing a 2.5% increase to the majority of license fees, as well as to a portion of permit fees. This increase will help cover expenses related to a cost of living increase, longevity increases, and step increases. The proposed fees will take effect July 1, 2019, unless otherwise noted.

Proposed adjustments to the 2019/2020 Schedule of Fees are:

1. Liquor Licenses: Add an additional \$25.00 late fee for each day a liquor license renewal, renewal payment and Class T license is submitted after initial late fee due date. Also add an additional \$25.00 late fee for every 30 days for non-notification of a manager change after the initial late fee due date. The increase in additional revenue is minimal.
2. Fire Prevention Permits: Increase non-hazardous and hazardous material facilities fees. Non-hazardous fees would range from \$138 to \$415. Hazardous fees would range from \$333 to \$938. This is a 2.5% increase (last increased July 2018). The increases in fire prevention permits will generate \$1,250 in additional revenue.
3. Curbana Licenses: No increase is recommended at this time. Propose striking the word “initial” from fee description, since both Curbana licenses have been in place for several years. Staff will be reviewing costs of the Curbana program. Any proposed changes should occur during fiscal year 2020.
4. Vehicles for Hire: No increase in fees is recommended at this time. Fees have not been increased since July 2015. Increases will be made once the City begins licensing transportation network companies, which should occur during fiscal year 2020.
5. Amusement Devices: Increase amusement device licenses fee from \$110 per device to \$115 per device. This is a 4.5% increase (last increased July 2018). The increase in additional revenue is minimal.
6. Ambulance Licenses: Increase ambulance license fee from \$13,600 per license to \$13,940 per license. This is a 2.5% increase (last increased July 2018). This is the second increase in the past two years, since a fee analysis showed the City was not recouping much of its costs. At the time of the proposed increase, a 65% discount off the estimated costs was factored in because this service benefits the public. A minimum increase in the fee this year will continue to help offset the costs (last increased July 2018). This increase will generate \$680 in additional revenue.
7. Domestic Partnership Registration: Increase domestic partnership registration fee from \$26 to \$35. Increase domestic partnership termination fee from \$16 to \$20. This is a 25% increase (last increased July 2017). This increase will help recover administrative costs involved with processing registration and termination requests. The increase in additional revenue is minimal.
8. Live Scan Fingerprinting: Increase live scan fingerprinting fee from \$43 to \$45. This is a 4.5% increase (last increased July 2018). The increase in live scan fingerprinting fees will generate \$510 in additional revenue.
9. Right-of-Way Permits: Add a right-of-way usage license fee of \$0.85 per square foot. Fees for right-of-way usage had previously been written into license agreements. This new fee will generate an estimated \$500 in additional revenue.
10. Erosion Control Permits: Increase erosion control permit minimum fee for work without a permit from \$160 to \$200. This fee is double the permit fee for a Class II erosion control

permit. This is a 25% increase (last increased July 2018). The increase in additional revenue is minimal.

11. Special Event Permits: The current special event permit fee does not accurately reflect the amount of work involved to review and process an application or recover costs for larger scale events where requests for street closures and/or meter bagging are made. Staff will be reviewing the special event process this coming year, but in the meantime, staff is proposing special event permit fees be broken into two separate categories. Replace the \$30 special event fee and add a fee for \$100 for special events without a road closure. Add a fee for \$250 for special events with a road closure. The increase will generate an estimated \$700 in additional revenue.
12. Non-Franchise Utility Maintenance Fee (per lineal foot): Increase non-franchise utility maintenance fee from \$2.03 per lineal foot to \$2.08 per lineal foot. This is a 2.5% increase (last increased July 2018). The increase in additional revenue is minimal.
13. Subdivision and Development Applications: Add an application fee in the amount of \$200 for requests for waiver from the Subdivision and Land Development Code when request for waiver is submitted after the subdivision process is complete. The new fee is to allow some cost recovery for processing waiver request. This new fee will generate an estimated \$400 in additional revenue.  
  
Increase certificate of exemption fee from \$175 to \$200. This is a 14% increase (last increased July 2017). This increase reflects the amount of staff time involved with processing a certificate of exemption and the amount is in line with the work involved in processing a similar request. The increase in additional revenue is minimal.
14. Hotel and Motel Licenses: Increase hotel and motel license fee from \$155 to \$160. This is a 3.2% increase (last increased July 2018). The increase in additional revenue is minimal.
15. Sewer Use Charge: Increase the sewer tax rate from \$0.1497 to \$0.1540 per 100 gallons (rate as stated by the UCSD). This total increase is 2.9%. The increase will apply to the billing period beginning January 1, 2020. Prior year increase was 2.13%. Adjustment made to keep up with additional costs of related services. Annual impact on average residence would be less than \$5 per year for proposed increase. This increase will generate approximately \$28,700 in additional revenue during FY 2020.
16. Certificate for Home Occupation: Increase certificate for home occupation fee from \$50 to \$75. This is a 50% increase (last increased July 2008). This increase reflects the amount of staff time involved with processing a certificate of home occupation and the amount is in line with the work involved in processing a similar request. This increase will generate \$ in additional revenue. The increase in additional revenue is minimal.
17. Zoning Verification Letters: Increase zoning verification letters fee from \$100 to \$150. This is a 50% increase (last increased July 2012). This increase is recommended due to an increase in the complexity of the requests. The increase will generate an estimated \$750 in additional revenue.

18. Historical Landmark Nomination: Add a historical landmark nomination fee for nominations made without the consent of the owner in the amount of \$200. This fee reflects the additional amount of staff time involved with preparing materials for a contentious case that requires City Council approval. The increase in additional revenue is minimal.
19. Design Review Board: Increase the design review board review fee from \$150 to \$175. This is a 16.5% increase (last increased July 2009). Increase the design review board administrative review fee from \$50 to \$75. This is a 50% increase (last increased July 2012). Both increases reflect the additional amount of staff time involved with reviewing materials and the increased complexity of the requests. The increase in additional revenue is minimal.
20. Building Permits-Utility/Miscellaneous Occupancies: Add a permit fee for replacement of existing windows for single-family and duplex structures in the amount of \$35. The permit fee will address the number of window replacements of this type so that installations are to code, but a permit is not cost prohibitive. No additional increase in revenue is expected, since the fee had been collected through building permits.
21. Regional Pollution Control Facility License: Increase regional pollution control facility license from \$3,570 to \$3,660. This is a 2.5% increase (last increased July 2018). The increase in additional revenue is minimal.
22. Hauler Business License: Increase sanitary hauler business license from \$345 to \$355 and sanitary hauler vehicle sticker from \$175 to \$180 per vehicle. This is a 3% increase (last increased July 2018). The increases will generate \$565 in additional revenue.
23. Special Parking Permits: Increase the special parking permit fee from \$155 to \$160. This is an annual permit valid August 1 through August 14 of the following year. The permit allows residents living in the West Urbana Neighborhood Area to park their vehicles in the permitted area during restricted on-street hours. As the year goes on, the cost of the permit is reduced. Increase prorated special parking permit fees from \$115 to \$120 (purchased between November 1 and December 31) and from \$95 to \$100 (purchased between January 1 and May 14). Increases range between 3% and 5% (last increased July 2018).

Permits purchased prior to December 31 are eligible for a partial refund (last increased July 2018). Increase special parking permit refund fees from \$115 to \$120 (returned between August 1 and October 31) and from \$77.50 to \$80 (returned between November 1 and January 31).

Increase the service vehicle permit fee from \$25 to \$30. This permit allows contractors and other business owners working in the West Urbana Neighborhood Area to park their work vehicles in the permitted area during restricted on-street hours. The permit is valid August 1 through August 14 of the following year. This is a 20% increase (last increased July 2017). The increase to special parking permits will generate \$2,500 in additional revenue.

24. Meter Bagging Reservations: Increase meter bagging fee with a 24 hour notice from \$19 per day per meter to \$20 per day per meter (campus and hospital districts). Increase meter bagging fee without a 24 hour notice from \$24 for the first day per meter to \$25 for the first

day per meter (campus and hospital districts). This is a 5% and 4% increase (last increased July 2017). This increase will generate \$2,000 in additional revenue.

25. Animal Impoundments: Increase the first day impoundment fee for a dog and cat from \$40 to \$50. This is a 25% increase (last increased July 2011). This increase will generate \$750 in additional revenue.
26. Stormwater Utility: Increase stormwater utility fee equivalent residential unit (ERU) from \$5.44 per month to \$5.60 per month. The increase will apply to the billing period beginning January 1, 2020. This is a 2.9% increase. The annual impact on an average residence would be less than \$2 per year. This increase will generate approximately \$38,900 during FY 2020. The fee will be consistent with the “utility rate model” approved by the City Council in 2012, which required regular increases to fund the planned expenditures.
27. Other changes include removal of fees no longer collected, renumbering sections and language clarification. Adding additional language for recording fees.

All changes to the Schedule of Fees are shown by a strike out of the current fee and notation of the proposed fee. Changes and additions are underlined.

**Fiscal impact:** Revision of the fee schedule allows the City to keep pace with the costs of providing the services related to the fees (inspections, enforcement, administrative costs and sewer maintenance.) If these fees are not periodically increased for inflation, the City will be forced to increase property taxes or other revenue sources. Fee revenues will increase by about \$9,540 in the General Operating Fund and \$69,610 in other funds including the Stormwater, Sanitary Sewer and Motor Vehicle Parking System Funds.

**Recommendation:** Staff recommends one of the following:

1. Revise one or more items and forward the amended fee schedule to the City Council meeting on May 20, 2019 for action then; or
2. Send the fee schedule to the City Council meeting on May 20, 2019 for action then.

**ORDINANCE NO. 2019-04-028**

**AN ORDINANCE AMENDING URBANA CITY CODE CHAPTER 14, SECTION 14-7,  
REGARDING THE SCHEDULE OF FEES**

**(July 1, 2019, through June 30, 2020)**

**WHEREAS**, a written copy of the proposed fiscal year 2019 – 2020 Schedule of Fees for the various licenses, permits, fines, and other fees required under the Urbana City Code was filed with the City Clerk at least 30 days prior to this date; and

**WHEREAS**, the City Clerk has mailed a copy of such proposed schedule to each member of the City Council, has made such schedule available for public inspection or copying, and has given notice of the availability of such proposed schedule for inspection by publication of a notice of such in a newspaper of general circulation in the City at least 14 days prior to this date.

**NOW, THEREFORE, BE IT ORDAINED** by the City Council of the City of Urbana, Illinois, as follows:

**Section 1.**

Urbana City Code Chapter 14, “Licenses and Permits,” Section 14-7, “Schedule of fees,” is hereby amended with the underlined text indicating new language and the strikethrough text indicating deletions as set forth in the Schedule which is attached hereto and incorporated herein by reference.

**(E) BUILDINGS AND STRUCTURES**

1. Building permits: The method of fee calculation for building permits issued for new construction projects, except for one and two-family dwellings, shall be based upon the Type of Construction Method as published from time to time by the ~~Building Officials and Code Administrators International, Incorporated, in its publication entitled "Building Officials and Code Administrators Magazine."~~International Code Council. Such fees are nonrefundable.

(a) New construction, other than single-family or two-family detached dwellings: The permit fee shall be calculated by inputting the appropriate data into the Permit Fee Schedule Formula as outlined below.

$$\boxed{\text{Permit Fee}} = \boxed{\text{Building Gross Area}} \times \boxed{\text{Sq. Ft. Construction Cost}} \times \boxed{\text{Permit Fee Multiplier}}$$

Input into the formula is based upon the following: the building area is determined from the construction drawings; the current area modifier and the type of construction factor are based upon the information published from time to time by the International Code Council, incorporated in its publication entitled ~~"Building Safety Journal"~~Building Valuation Data Table; and the permit fee multiplier as established by the City of Urbana is .00200. A current copy of the square foot construction cost information is available from the Building Safety Division.

(b) Additions: The permit fee shall be calculated at the rate of six dollars (\$6.00) per one thousand dollars (\$1,000.00) of the estimated costs for the project with a minimum permit fee of fifty dollars (\$50.00).

(c) Single-family detached dwelling: The permit fee is based on the square footage of the building as follows:

Up to 2,500 square feet.....	\$ 345.00

  - (d) Replacement of existing windows for single-family and duplex..... \$ 35.00
5. Alteration/renovation/addition repair: The fee for a permit for the alteration, renovation, addition repair and/or remodeling of a building or structure shall be computed at the rate of six dollars (\$6.00) per one thousand dollars (\$1,000.00) of the estimated cost not including electrical, plumbing, and heating ventilating and air-conditioning, but not less than fifty dollars (\$50.00), except the fee for a permit to repair a roof structure and/or replace roof sheathing, which such fee shall be computed at the rate of two dollars (\$2.00) per one thousand dollars (\$1,000.00) of the estimated cost, with a fifty dollars (\$50.00) minimum permit fee.
6. Demolition: The fee for a permit for the demolition of a building or structure other than an accessory building shall be at the rate of nine dollars (\$9.00) per one thousand dollars (\$1,000.00) of the estimated cost of demolition, but not less than one hundred fifty dollars (\$150.00). The permit fee for the demolition of an accessory or temporary structure under eight hundred (800) square feet shall be fifty dollars (\$50.00), except that the building official may waive the permit fee where there is no foundation or floor to be removed, where there is no significant grading to be done or where the work shall be insignificant.
7. Vacant structures registration:
  - (a) Initial Registration – first six (6) months ..... \$ 250.00
  - (b) Each Subsequent six (6) month period..... \$ 500.00

8. Moving permit/building permit: A moving permit shall be issued by the building official in conjunction with the required building permit for all buildings or structures which are moved and do not cross or occupy any street, alley or public right-of-way. The fee for the moving permit/building permit shall be computed at the rate of five dollars (\$5.00) per one thousand dollars (\$1,000.00) of the estimated cost. The estimated cost shall include the cost of the moving along with the costs for excavation, footings and foundations, site work and all structural or nonstructural remodeling as described in item four (4) above. The minimum permit fee shall be fifty dollars (\$50.00).
9. Estimated cost: The term "estimated cost" as used in this subsection (E) includes the cost of all services, labor, materials, use of scaffolding and any other appliances or devices entering into and necessary to the prosecution and completion of the work ready for occupancy. This shall include all costs to the owner. Contractor profit is not excluded.
10. Work without a permit: For all work commenced without a permit for which a building permit is required, the permit fee will be double the standard permit fee or one hundred fifty dollars (\$150.00), whichever is greater. Such work must comply with all other requirements of the building code.
11. Plan review fee schedule: The plan review fee applies to all plans for new construction. Such plan reviews include a review of all applicable city regulations including but not limited to zoning, building, electrical, plumbing and HVAC regulations. The fee does not include special flood hazard area reviews. (See item #11 below.) Plan review fees shall be nonrefundable and shall be computed as follows:

(a) Volume (cubic feet)	Fee
0- 10,000 .....	\$ 150.00

for each 10,000 cubic foot over 200,000

- (b) Plan review for assembly (A) institutional (I) and residential (R2) uses and mercantile covered malls over five thousand (5,000) square feet shall be one and one-half (1 1/2) times the fees as computed from the table above.
- (c) In addition to the plan review fees indicated above, the building official may charge an additional fee for outside professional plan review services. Such outside plan review services may be contracted where the building official determines it is in the best interest of the city to do so. Additional fee(s) for outside services shall be based upon the actual costs for such services.
- (d) Plan review fees for additions, remodeling and/or renovation (other than I-2 see below) shall be charged on such projects exceeding twenty thousand dollars (\$20,000.00) at the rate of 0.006 times the cost of the project. Plan review fees for

additions, remodeling and/or renovation of I-2 Hospital projects exceeding twenty thousand dollars (\$20,000.00) shall be charged at the rate of 0.0085 times the cost of the project.

- (e) Plan review fees shall accompany the application and are nonrefundable. Single- and two-family detached dwellings and utility/miscellaneous (U) occupancies, including residential garages, shall be exempt from plan review fees. The building official may waive the plan review fee for structures under five thousand (5,000) cubic feet in cases involving minor structural repairs or the remodeling of existing buildings.

12. Special flood hazard area development plan review fee: The fee for a development plan review in the special flood hazard area shall be one hundred fifty dollars (\$150.00). This fee shall be in addition to other plan review fees.
