RE: Ordinances from Traffic Commission

Attached are two ordinances for City Council approval from action taken at the October Traffic Commission meeting. Also attached are location maps showing the proposed ordinances location.

The first ordinance (Schedule J) is for the prohibition of parking on certain streets. No parking on the east side of Kinch Street between Michigan and Pennsylvania Avenues and between Florida Avenue and 130 feet south of Vermont Avenue is required due to the recent completion of pavement construction at Michigan Avenue and the Fairway Estates Subdivision. In addition parking on the west side of Kinch Street from Country Squire Drive to Vermont Street will now be allowed due to the wider pavement of Kinch Street. This ordinance will clear up the offset centerline on Kinch that has existed for many years. A centerline yellow skip dash line and yellow curbs will be painted to further clarify the new parking arrangements.

The other no parking restriction in this ordinance is located on both sides of the Old U.S. Route 150 frontage road from University Avenue to 800 feet west of University Avenue. More specifically this is the road that serves Armstrong Lumber and other businesses. This was requested by the Urbana Police Department to prevent long term parking by vehicles not associated with the adjacent businesses. These businesses have their own off-street parking and will not be impacted by the loss of on street parking on this section of roadway.

The second ordinance (Schedule M) is for the establishment of a tow-away zone on the Old U.S. Route 150 parking restriction. The tow-away zone is to be instituted on both sides of the street. This will give the Urbana Police Department the ability to have cars towed immediately when they are in violation of the no parking zones. The Traffic Commission has considered this location at its October meeting and recommends that the tow-away zone be created.
