DATE: June 6, 2002

SUBJECT: Plan Case 1828-S-02, Final Subdivision Plat for Savannah Green Phase II.

Introduction

Construx of Illinois has submitted a final plat for Phase II of Savannah Green Subdivision. The plat would create 20 lots along Smith Road extended. The plat would dedicate Smith Road extended north from Florida Avenue and would also create three new alleys to serve the lots from the rear.

Background

City Council approved the preliminary plat and amended annexation agreement for Savannah Green on July 2, 2001. The approval was for a total of 297 single-family lots on 62 acres. Phase I was approved in December 2001 for 21 lots fronting Florida Avenue. Construction on those homes along with the necessary infrastructure is nearly complete. Phase II would continue development to the north and would extend the planned infrastructure. Construction work has already begun on the extension of Smith Road and the developer expects to begin construction of the homes following approval and once the plat is recorded in the next few weeks.

Discussion

As with any request for a final subdivision plat, the proposed plat has been sent to the appropriate agencies for their review and approval. Although these agencies are still reviewing the plat, it is not anticipated that there will be any significant comments. All comments are due prior to the time of City Council final action on the plat.

Access

All the homes will front on Smith Road, although access to the homes will be from rear alleys serving detached garages. Residents will be able to access Smith Road and the rear alleys from the newly constructed Florida Avenue. The design and construction plans for all streets have been approved by the Urbana Public Works Department. Smith Road is being designed as a collector level roadway since it will become a main north-south connector from Washington Street to Windsor Avenue. Sidewalks will be installed along Smith Road as required by the Subdivision Ordinance.

Drainage and Sewers

The City Public Works Department along with the St. Joseph Drainage District have reviewed and approved construction plans for the stormwater detention facilities and storm sewer system.

Utilities

The plat conforms to all requirements for necessary utilities. Many utilities will be located within easements along the rear alleys. This includes an exclusive 7.5-foot easement for Illinois Power. Subdivision covenants prohibit any accessory structures or plantings within 22.5 feet of the alley to ensure that the easements will be unobstructed.

Waivers

A number of waivers to the subdivision code were approved at the time of the preliminary plat approval. Some of these waivers are evident in Phase II. These waivers include lot sizes and roadway and alley widths. A number of variances to the zoning ordinance were approved as part of the annexation agreement as well. The plat request for Phase II does not include any additional waivers or variances at this time.

Summary of Findings

For Plan Case 1828-S-02:

1. The proposed final plat is entirely consistent with the approved preliminary plat as it relates to the road network, access, drainage and utilities.
2. The proposed final plat is consistent with the Comprehensive Plan land use and roadway designations for the site.
3. The final plat is consistent with the requirements of the Urbana Subdivision and Land Development Code, with the exception of waivers previously granted.
4. On July 2, 2001 the Urbana City Council approved an amended annexation agreement and preliminary plat for Savannah Green under Ordinance 2001-06-069 and 2001-06-070

respectively. The requested final plat is consistent with the provisions of those ordinances.

5. There are no additional requested waivers to the Urbana Subdivision and Land Development Code.

Options

The City Council has the following for these cases. In Plan Case 1828-S-02, the City Council may:

- a. Approve of the proposed final plat.
- b. Deny the proposed final plat.

Staff Recommendation

Staff recommends that the City Council approve the requested final plat for Plan Case 1828-S-02.

ORDINANCE NO.2002-06-066

An Ordinance Approving A Final Subdivision Plat
(Savannah Green Subdivision Phase II - Plan Case No. 1828-S-02)

WHEREAS, Construx of Illinois has submitted a Final Subdivision Plat for Savannah Green Subdivision Phase II in general conformance with the pertinent ordinances of the City of Urbana, Illinois; and,

WHEREAS, The Final Plat of Savannah Green Subdivision Phase II is consistent with specific requirements and provisions of the Annexation Agreement with Community Homes, Inc., Scott Weller Development, Scott E. Weller, and Scott E. Weller and Catherine Weller which was adopted by the City of Urbana on May 21, 1992 by Ordinance 9192-92 and as amended by the City of Urbana on July 2, 2001 by Ordinance 2001-06-069; and,

WHEREAS, The Final Plat of Savannah Green Subdivision Phase II is consistent with the preliminary plat approved by the Urbana City Council on July 2, 2001 by Ordinance 2001-06-070; and,

WHEREAS, The Final Plat of Savannah Green Subdivision Phase II meets the requirements of the Urbana Subdivision and Land Development Code with exception of those waivers granted in Ordinance 2001-06-070; and

WHEREAS, The City Engineer has reviewed and approved the Final Plat of Savannah Green Phase II;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF URBANA, ILLINOIS, as follows:

Section 1. The Final Plat of Savannah Green Phase II attached hereto is hereby approved as platted.

Section 2. This Ordinance is hereby passed by the affirmative vote of the members of the corporate authorities then holding office, the "ayes" and "nays" being called at a regular meeting of said Council.

PASSED by the City Council this ____ day of _____, 2002.

AYES:
