FROM: City Comptroller
RE: Budget Amendment for Purchase of 5 Fire Thermal Cameras
DATE: July 10, 2007

Brief Description of Item. The Fire Department is requesting the purchase of 5 thermal image cameras.

Recommendation. Approval of the attached budget amendment ordinance.

Background Information. The department currently has 3 cameras that are scheduled for replacement in FY08-09, although only 1 of the cameras is currently working. The price of these cameras has come down considerably such that we can purchase 5 for \$47,480 which is less than the 3 previously cost. Five cameras would mean that each apparatus would have a camera. Currently E21 and E22 which cover the east and south section of the City do not carry a camera. There is currently enough monies saved for the replacement of the 3 cameras in the VEF fund. Chief Mundt will be available to answer any specific questions you might have on the need and use of these cameras.
