MEMORANDUM

TO: Bruce K. Walden, Chief Administrative Officer

FROM: William R. Gray, Public Works Director
Joseph L. Smith, Senior Civil Engineer

DATE: January 3, 2007

RE: Ordinance from Traffic Commission

Attached is an ordinance for Council approval from action taken by the Traffic Commission.

The attached ordinance (Schedule H) is for the placement of a stop sign in the Landis Farm subdivision. This stop sign is required as a result of growth in this subdivision. The new streets and new home construction in this area have increased the amount of traffic on the collector street (Landis Farm Road); therefore, this stop sign is needed and warranted under Section 2B-5 of the Manual on Uniform Traffic Control Devices. More specifically, these warrants state that a stop sign may be warranted if one or more of the following conditions exist:

1. Intersection of a less important road with a main road where application of the normal right-of-way rule is unduly hazardous.
2. Street entering a through highway or street.
3. Unsignalized intersection in a signalized area.
4. Other intersections where a combination of high speed, restricted view, and serious accident record indicates a need for control by the STOP sign.

The conditions are met for numbers 1 and 2 above for Milford Drive at Landis Farm Road.

The Traffic Commission considered this location at its December 2006 meeting and recommends that the stop sign be installed.
