Date January 11, 2012 License Class C

This Agreement is made by and between the City of Urbana, Illinois ("City") and the Applicant as indicated above ("Applicant").

Whereas, for many years, the City has established the number and kind of liquor licenses based upon population that would be desirable to protect the public good and welfare while still allowing for commerce involving alcoholic beverages; and

Whereas, Urbana City Code Section 3-43(b)(1), as adopted by Ordinance No. 2011-05-042, authorizes the issuance of additional City retail liquor licenses when all such licenses allowed by the population formula are taken, provided that, after a public hearing, the City Council approves of a written agreement with an applicant; and

Whereas, the Applicant has presented information to the City Council concerning whether the public good and general welfare of the citizens will be adversely affected by issuance of a City retail liquor license for the current licensing year in the license class and at the address indicated above.

Now, therefore, the City and the Applicant mutually agree to the following.

After hearing information pertaining to the Applicant's request for an additional City retail liquor license, the City Council finds that the public good and general welfare of the citizens are unlikely to be adversely affected by authorization of an additional license in the class and at the address indicated above.
