RE: Windsor Road Corridor Analysis—Road Diet Study

A presentation was made at the November 12, 2012 Committee of the Whole Meeting by Mr. Sharif Ullah with the Regional Planning Commission. At that meeting the committee asked that this item be placed on the December 10th agenda to allow those absent from the meeting the opportunity to review the analysis. Mr. Ullah again will attend the meeting and be available for questions.

Pending city council comments and direction from this study, city staff will begin its investigation into the reconstruction of Windsor Road between Philo Road and Race Street determining the best pavement design, estimate of cost, and means to fund the project.

City staff seeks a motion from the city council to accept this analysis
