MEMORANDUM

TO: Mayor Laurel Prussing and Members of the City Council

**FROM: William R. Gray, Public Works Director
Craig E. Shonkwiler, Senior Civil Engineer**

DATE: July 1, 2013

**RE: Motor Fuel Tax Construction Resolution for
Airport Road East Reconstruction Project**

Introduction

Attached is the proposed resolution and supporting documentation for the Airport Road East Reconstruction Motor Fuel Tax (MFT) Construction Resolution to be considered at the Monday July 8, 2013 Committee of the Whole meeting. All proposed work is based upon needs identified in the Capital Improvement Plan.

The project consists of the reconstruction of Airport Road from just west of Captiva Street (approximately 1,100 east of Cunningham Avenue) to just east of Somerset Drive. (See attached map.) The project specifically consists of the reshaping of the existing pavement base to allow for placement of a new hot-mix asphalt surface 22 feet wide with 4 foot hot-mix asphalt shoulders. When finished, the surface will be striped to allow for two lanes of traffic, which is there now. The project also includes the installation of curb and gutter, storm sewers, and culverts at select locations. The existing hill east of Landis Farm Road will be lowered approximately two feet to provide adequate sight distance for traffic entering Airport Road from Landis Farm. A sidewalk will also be installed on the south side of the road between Landis Farm Road and Skyline Drive.

Fiscal Impact

The total cost of the project, including material testing services, is estimated at approximately \$1,260,000. The project costs will be paid with a combination of \$1,100,000 of State Motor Fuel Tax and \$160,000 of Tax Increment Financing District #4 funds. The attached resolution requests use of Motor Fuel Tax monies to be appropriated in the amount of \$1,100,000 for the project.

Council Action

The City Council is asked to approve the attached Resolution for Improvement by Municipality Under the Illinois Highway Code in the amount of \$1,100,000.
