SUBJECT: **Supportive Housing Program – Homeless Families in Transition
Resolution Approving Subrecipient Agreement for FY 2016-2017:
Courage Connection**

Description

Included on the agenda of the August 23, 2016 meeting of the Urbana Community Development Commission is an agreement for the FY 2016-2017 Supportive Housing Program (SHP) - Homeless Families in Transition. The proposed agreement is with Courage Connection, the agency that currently participates in the SHP Homeless Families in Transition project.

Issues

The issue is whether the Community Development Commission should forward the subrecipient agreement to the Urbana City Council with a recommendation for approval.

Background

In FY 1995-1996, the City of Urbana received its first SHP grant from HUD for a three (3) year funding cycle, with renewals on a yearly basis. The funds received were initially utilized by the Salvation Army, the Center for Women in Transition and A Woman's Fund (operated by the Center for Women in Transition as A Woman's Place). The initial grant included funds for operations, supportive services, and administration, as well as funding for acquisition and rehabilitation. All three organizations used funds to either acquire or rehab the units that they currently were operating for transitional housing. The federal funds used for acquisition and rehabilitation required that the transitional housing program for homeless families be operated at that location for at least 20 years.

Since FY 1995-1996, the City has applied every year through the Notice of Funding Availability (NOFA) process and has received funding from the U.S. Department of Housing and Urban Development (HUD) for this program. On September 17, 2015, HUD issued the 2015 NOFA announcing funds were available for the City of Urbana's Supportive Housing Program.

On November 17, 2015, the City of Urbana (City) submitted an application, through the Champaign County Continuum of Care, for renewal grant funds for the Supportive Housing Program in the amount of \$166,720. The funds were to be used to continue the transitional housing programs sponsored by Courage Connection, a private non-profit organization.

On May 2, 2016, the City received notice from HUD that the application for Supportive Housing Program funds was approved, however, HUD had to make adjustments to the funding per the McKinney-Vento Act, which requires HUD to make certain adjustments to funding prior to award. According to HUD, the conditional awards for renewal projects could be different than what was requested in the project application. These adjustments were made after the funding tiers were established and in some cases, if a project straddled Tier 1 and Tier 2, only the Tier 1 portion of the project was funded.

As part of this adjustment, HUD explained that changes had been made to their funding priorities for homeless programs from Transitional Housing (TH) to Permanent Supportive Housing (PSH) and Rapid Re-Housing (RRH) programs, as PSH and RRH programs have lower barriers to entry, whereas TH programs often place additional barriers to receiving housing and services. According to HUD, there is strong evidence that shows people with long histories of homelessness and chronic disabilities who have been served in permanent supportive housing using a Housing First approach have shown a number of positive outcomes, including significant declines in homelessness, arrests, hospitalizations, and emergency room visits, as well as associated declines in the public costs of shelter, corrections, and health care.

As a result of these changes for the City's program, the final allocation from HUD was for only \$89,036, which is a \$77,684, or 53% cut from the original request. On August 8, 2016, the City executed a grant agreement with HUD to govern expenditure of SHP renewal funds by the City and Courage Connection and a budget amendment is now needed in order to adjust the budget due to the funding changes that were made when the grant was funded.

In addition, due to the significant cuts to the program made by HUD, City staff and Courage Connection have been in discussion regarding the possibility of transferring the administration of the program from the City to Courage Connection for improved cost effectiveness and efficiency. Courage Connection has other programs they directly administer for HUD and City staff believe they have the capacity to do so with this particular grant as well.

The Supportive Housing Program is designed to promote the development of supportive housing and supportive services, and to promote the provision of supportive housing to homeless persons to enable them to live as independently as possible. The agency receives funds through this program to provide supportive services, such as case management services, outreach, life skills, housing placement, and transportation, to single women and families who are homeless. The organization also receives program funds for operation costs, homeless information management systems (HMIS) and administrative expenses.

Fiscal Impacts

There will be no direct fiscal impact on the City General Fund, as the funding for this program comes from HUD. However, there is a direct fiscal impact on the Supportive Housing Program budget due to the severe funding cut from HUD which will affect the amount of administration funds available, as well as funds available for supportive services and operating funds for Courage Connection. In light of this impact, City staff and Courage Connection have been discussing the possibility of transferring the administration of this grant to Courage Connection.

Programmatic Impacts

City staff will continue to provide the programmatic and administrative support for the Supportive Housing Program Homeless Families in Transition Program as in previous years, until the transfer to Courage Connection is approved by HUD, and the budget amendment and transfer is completed. The impact of the funding reduction to Courage Connection is that they will re-direct the funds to only their TH domestic violence program in Urbana, instead of towards their TH homeless programs at the Evans and Forbes sites in Champaign.

This is in keeping with the goals and strategies outlined in the City of Urbana and Urbana HOME Consortium Consolidated Plan FY 2015-2019, by providing support for existing agencies delivering services to homeless individuals and families, and encouraging the expansion of local services to meet community homeless needs.

Options

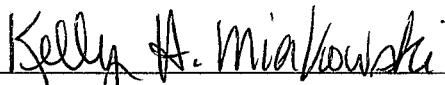

The Community Development Commission may choose one of the following options:

1. Forward the Resolution approving the agreement with Courage Connection to the Urbana City Council with a recommendation for approval.
2. Forward the Resolution approving the agreement, with suggested changes, to the Urbana City Council with a recommendation for approval.
3. Do not make a recommendation to the Urbana City Council for approval of the agreement.

Recommendations

Staff recommends that the Community Development Commission forward the Resolution approving the Supportive Housing Program grant agreement with Courage Connection to the Urbana City Council with a recommendation for approval.

D. Matching. The Subrecipient acknowledges and agrees that the City shall not be responsible for providing the Subrecipient with any funds to meet the Subrecipient's matching requirements.
