SUBJECT: A RESOLUTION APPROVING AN AMENDMENT TO AN URBANA HOME CONSORTIUM SUBRECIPIENT AGREEMENT (Habitat for Humanity FY 2017-2018)

Description

Included on the agenda of the regular meeting of the Urbana Community Development Commission is a Resolution proposing an amendment to a previously executed Urbana HOME Consortium Subrecipient Agreement with Habitat for Humanity of Champaign County.

The agreement allocated \$150,000 from Champaign's allocation of HOME funds to assist Habitat for Humanity of Champaign County by partially subsidizing the creation of four new homeownership units to be sold to income-eligible buyers.

Issues

The issue is whether the Community Development Commission (CDC) should forward the Resolution approving an amendment to the Subrecipient Agreement between the Urbana HOME Consortium and Habitat for Humanity of Champaign County to the Urbana City Council with a recommendation for approval.

Background

On January 27, 2017, the City of Urbana issued a Request for Proposals with a deadline for proposal submission on February 27, 2017. Three responses were received, and the Urbana HOME Consortium Technical Committee examined the projects and conditionally awarded \$150,000 to each applicant, pending approval by the Urbana City Council. The funding proposed for this agreement with Habitat for Humanity is from the City of Champaign's allocation of FY 15-16 HOME funding.

To reallocate funding to the awarded projects, the City of Urbana was required to complete an Annual Action Plan amendment, which was the subject of a public hearing on March 28, 2017, and was approved by the Urbana City Council on May 1, 2017. The Subrecipient Agreement between the Urbana HOME Consortium and Habitat for Humanity of Champaign County was authorized by the Urbana City Council through Resolution No. 2017-08-52R signed on August 23, 2017. The Subrecipient Agreement was subsequently signed on August 30, 2017.

The existing approved agreement provided that the total award amount of \$150,000 was proposed to be split among new construction activities at 1206 Church Street and 1204 Church Street in Urbana and a rehabilitation activity at 610 Phillips Drive in Champaign, while the remaining \$37,500 was to be applied to a future project at a location yet to be determined. The two new construction activities on Church Street have been completed and sold to income-eligible buyers.

The mortgage lender for the purchaser of 610 Phillips Drive did not accept the HOME regulatory restrictions that the Urbana HOME Consortium is required to apply to all properties assisted with HOME funds. The home at 610 Phillips Drive was sold, but Habitat does not intend to seek reimbursement from the Urbana HOME Consortium for the activity.

Discussion

On January 2, 2018, Habitat requested that the Urbana HOME Consortium replace the affordable homeownership rehabilitation activity at 610 Phillips Drive with the new construction activity at 1404 W. Beslin Street in Urbana. Habitat would also like to designate the new construction project at 1406 W. Beslin Street as the fourth and final property to receive development subsidy through this Subrecipient Agreement.

The foundations for the two projects on Beslin have been completed, and construction on 1406 Beslin is expected to begin in March, while construction on 1404 Beslin is expected to start on May 1, 2018. Completion of both units is expected by the end of the summer.

Options

1. Forward the Resolution approving an amendment to an Urbana HOME Consortium Subrecipient Agreement with Habitat for Humanity of Champaign County to the Urbana City Council with a recommendation for approval.
2. Forward the Resolution, with suggested changes, to the Urbana City Council with a recommendation for approval.
3. Do not recommend Council approval of the Resolution.

Fiscal Impacts

There will be no fiscal impact on the City General Fund, as it would reallocate half of the \$150,000.00 in HOME funding administered under this Subrecipient Agreement to activities in different locations. The proposed amendment simply changes the location of the third activity and identifies the location of the final activity.

Programmatic Impacts

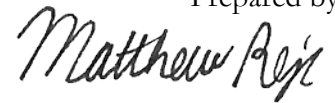

The new construction activities that would be made possible through the proposed amendment are in keeping with the goals and strategies outlined in the City of Urbana and Urbana HOME Consortium Consolidated Plan FY 2015-2019. Since all \$150,000 of the award has already been committed to Habitat in HUD's Integrated Disbursement and Information System, the proposed

amendment would not be redirecting funding from any other activities.

Recommendations

Staff recommends approval of the proposed Resolution.
