

DEPARTMENT OF COMMUNITY DEVELOPMENT SERVICES

Planning Division

m e m o r a n d u m

TO: The Urbana Plan Commission

FROM: Lisa Karcher, AICP, Planner II

DATE: April 3, 2009

SUBJECT: Plan Case 2103-M-09: A request to rezone 2001 South Philo Road and 1401 East Harding Drive from B-1, Neighborhood Business to B-3, General Business.

Introduction and Background

Clive Follmer has submitted a petition to rezone two parcels known as 2001 South Philo Road and 1401 East Harding Drive from B-1, Neighborhood Business to B-3, General Business. The two properties total approximately 0.61 acres and are located southwest of the intersection of South Philo Road and East Harding Drive. The property is currently occupied by an approximately 4,210 square foot commercial building that has been vacant for two years. The petitioner has provided a site plan of the subject property which can be found in Exhibit F. The owner is requesting rezoning to better fit with the zoning designations along Philo Road and to assist in marketing the vacant spaces to a greater range of uses.

Pursuant to the Urbana Zoning Ordinance, the Plan Commission may either recommend approval or denial of the proposed rezoning request to City Council for final action.

Adjacent Land Uses, Zoning and Comprehensive Plan Designations

The subject property is bounded on three sides by streets. Vawter Street is to the west, East Harding Drive is to the north, and South Philo Road is to the east. There is a mixture of zoning and land uses in the surrounding area. The property along the north side of East Harding Drive and across from the subject property is zoned B-3, General Business and is occupied by Truly Fit, Family Video, Little Caesars and a vacant lot. The property south of 2001 South Philo Road is zoned B-1, Neighborhood Business and is a commercial building that is currently vacant. This property has been submitted for rezoning consideration in Plan Case 2102-M-09 and will also be considered at the April 9th Plan Commission meeting. The property south of 1401 East Harding Drive is zoned R-5, Medium High Density Multiple-Family Residential and is occupied by an apartment building. The property along the east side of South Philo Road and across from the subject property is zoned R-4, Medium Density Multiple-Family Residential and is occupied by Grace United Methodist Church. The property along the east side of South Philo Road, located north and south of Grace United Methodist Church is zoned

B-3, General Business and is occupied by Renner-Wikoff Chapel and Crematory, Closet Space Self-Storage and the Southgate Plaza (Dollar General, Amano’s Pizza, Pro-Nails). The property along the west side of Vawter Street and across from the subject property is zoned R-5, Medium High Density Multiple-Family Residential and is occupied by a condominium development.

Following is a summary of zoning, existing land uses and Comprehensive Plan future land use designations for the subject site and surrounding property. Exhibits A, B and C further illustrate this information.

Location	Zoning	Existing Land Use	Comprehensive Plan Future Land Use
Site	B-1, Neighborhood Business	Vacant Commercial Building	Community Business
North	B-3, General Business	Truly Fit, Family Video, Little Caesars, Vacant Lot	Community Business
South	B-1, Neighborhood Business R-5, Medium High Density Multiple-Family Residential	Hair Salon, Vacant Commercial Building/Spaces, Apartment Building	Community Business Multi-Family
East	R-4, Medium Density Multiple-Family Residential	Grace United Methodist Church	Community Business
West	R-5, Medium High Density Multiple-Family Residential	Condominium Development	Multi-Family

Comprehensive Plan

The 2005 Urbana Comprehensive Plan identifies the future land use for the subject site as well as the surrounding property to the north and east and a portion to the south as “Community Business” and “Multi-Family” for the area surrounding the subject property to the west and a portion to the south. The Comprehensive Plan defines “Community Business” as follows:

Community Business Centers are designed to serve the overall community as well as the immediate neighborhood but are less intense than regional commercial centers. Located along principal arterial routes or at major intersections. Community Business centers contain a variety of business and service uses at scales and intensities that make them generally compatible with surrounding neighborhoods. Encourage planned-unit developments to create a variety of uses, and to transition intensities to adjoining neighborhoods. Design facilities to permit pedestrian, bicycle, and transit access as well as automobile traffic.

Rezoning the subject properties to B-3 is consistent with the designation of the site in the Comprehensive Plan as well as the following Comprehensive Plan Goals and Objectives:

Goal 18.0 Promote infill development.

Objectives

- 18.1 Promote the redevelopment of underutilized property using techniques such as tax increment financing, redevelopment loans/grants, enterprise zone benefits, marketing strategies, zoning incentives, etc.

Goal 25.0 Create additional commercial area to strengthen the city's tax base and service base.

Objectives

- 25.2 Promote new commercial areas that are convenient to existing and future neighborhoods.
- 25.4 Find new locations for commercial uses and enhance existing locations so Urbana residents can fulfill their commercial and service needs locally.

Philo Road Action Plan Goals and Policies

The subject property is located in an area that has been designated as the Philo Road Business District. (See Exhibit D) In the 1960's - 1990's the area served as a community retail district. In the 2000's notable businesses such as Kmart and Jerry's IGA closed and there was concern about loss of vitality and increasing vacancies. A Philo Road Business District Revitalization Action Plan was completed in February of 2005 to study the area and review the economic conditions impacting the area to provide an action plan for its revitalization. The area is again emerging as a vibrant retail, service and business area through the accomplishment of goals and policies outlined in the Philo Road Business District Revitalization Action Plan and relevant policies incorporated in the 2005 Urbana Comprehensive Plan. These include such actions as retaining and enhancing existing businesses, improving development incentives, improvement of Philo Road infrastructure, creative building reuse, development of outlots, marketing of available buildings and beautification efforts.

The Philo Road Business District Redevelopment Incentive Program is designed to provide loan/grant incentive for businesses that are constructing or rehabilitating their building, landscaping, and/or site. With the assistance of the Philo Road Business District Redevelopment Incentive Program, the petitioner completed a remodeling project in 2008 to the commercial building on the subject property.

Discussion

Along with the parcels proposed to be rezoned in the preceding Plan Case 2102-M-09, the subject property is the only property in the Philo Road Business District that is zoned B-1. All other properties used for commercial purposes are zoned B-3, General Business. Generally speaking the majority of the area includes the properties along South Philo Road between Florida Avenue and East Harding Drive including, for example, Sunnycrest Mall, Marathon, McDonalds, Walgreens, County Market, True Value Hardware, Family Video, Little Caesars, Truly Fit, CVS, Caring Hands Animal Hospital and the future Heartland Bank, Burger King and an in-line shops building. With the improvements to Philo Road and Windsor Road, as well as the extension of Colorado Avenue, the Philo Road Business District not only serves the surrounding neighborhoods, but also serves the community as a whole.

According to the Urbana Zoning Ordinance, the intent of the B-1 Zoning District is "to provide commercial areas of limited size, for basic trade and personal services for the convenience of adjacent residential areas, for needs recurring regularly or frequently". The intent of the B-3, General Business District, on the other hand, is "to provide areas for a range of commercial uses wider than that of B-1 Neighborhood Business but at a lower intensity than Central Business, meeting the general business needs of the City". Since the subject property is within an area that serves the community, rezoning the subject property to B-3 would be consistent with the intent of the B-3 Zoning District. In addition, rezoning of the subject property would be consistent with the zoning of other commercial properties in the surrounding area.

The B-3 Zoning District allows for a broader range of uses than does the B-1 Zoning District. There are over 60 additional uses allowed by right in the B-3 Zoning District, 35 of which are not allowed at all in the B-1 Zoning District. In addition, there are nine other uses that are limited by the gross square feet, five additional uses allowed as special uses and 11 additional uses allowed as conditional uses. Zoning Description Sheets for both the B-1 and B-3 Zoning Districts are attached in Exhibit E. Rezoning the subject property consistent with other commercial properties in the area will allow for the subject property to be competitively marketed. With a wider array of uses permitted it is anticipated that retenanting/reuse of the existing buildings can be facilitated. Retenanting/reuse of existing commercial buildings is not only consistent with the goal and policies of the Philo Road Business District Revitalization Action Plan, but also with the goals and objectives of the 2005 Comprehensive Plan and with the overall economic goals of the City.

In addition to the commercial properties associated with the Philo Road Business District, there is a mix of residential uses to the south and west of the subject property in an area known as the Southeast Urbana Neighborhood. The Southeast Urbana Neighborhood is primarily zoned R-3, Single and Two-Family Residential and consists mainly of single and two-family residences. As can be seen on the Zoning Map in Exhibit B, there is an area zoned R-5, Medium High Density Multiple-Family Residential between the subject property and the area of the neighborhood that is zoned R-3. This area consists of apartment buildings and condominium developments. These act as a buffer between the higher intensity commercial areas and the lower intensity residential areas.

The La Salle Criteria

In the case of *La Salle National Bank v. County of Cook* (the “La Salle” case), the Illinois Supreme Court developed a list of factors that are paramount in evaluating the legal validity of a zoning classification for a particular property. Each of these factors will be discussed as they pertain to a comparison of the existing zoning with that proposed by the Petitioner.

1. *The existing land uses and zoning of the nearby property.*

This factor relates to the degree to which the existing and proposed zoning districts are compatible with existing land uses and land use regulations in the immediate area.

The current use of the subject property is consistent with both the existing and proposed zoning of the subject property. However, the proposed B-3, General Business Zoning District would be more consistent with the uses and zoning of other commercial uses in the surrounding area. Aside from the surrounding commercially zoned properties there are also residentially zoned properties in the area. The residentially zoned properties immediately surrounding the subject property are zoned for high density residential. The intensity of existing commercial development is compatible with the high density residential. The high density residential serves as a buffer between the commercial development and lower intensity residential uses.

2. *The extent to which property values are diminished by the restrictions of the ordinance.*

This is the difference in the value of the property as B-1, Neighborhood Business and the value it would have if it were rezoned to B-3, General Business.

The rezoning will provide for a wider group of businesses to market to, which is anticipated to assist with finding a business to occupy the vacant building on the subject property. It is assumed that this would increase the value of the property by increasing its ability to be marketed competitively with other surrounding commercial properties.

It should be noted that City Planning Division staff are not qualified as professional appraisers and that a professional appraiser has not been consulted regarding the impact of zoning on the value of the property. Therefore, any discussion pertaining to specific property values should be considered speculative.

3. *The extent to which the ordinance promotes the health, safety, morals or general welfare of the public. (see No. 4 below)*
4. *The relative gain to the public as compared to the hardship imposed on the individual property owner.*

Questions 3 and 4 apply to the current zoning restrictions: do the restrictions promote the public welfare in some significant way so as to offset any hardship imposed on the property owner by the restrictions?

The rezoning of the property should not jeopardize the health, safety, morals or general welfare of the public. The subject property is currently developed and has previously been used for commercial purposes. Rezoning the subject property will allow for a broader range of commercial uses to occupy the property. These uses are the same as can be developed on properties to the north and east.

5. *The suitability of the subject property for the zoned purposes.*

The issue here is whether there are certain features of the property which favor the type and intensity of uses permitted in either the current or the proposed zoning district.

The subject property is well suited for the B-3 Zoning District because it is located in the Philo Road Business District, which is reemerging as a commercial area that serves not only the surrounding neighborhood but the larger community. The infrastructure in the area has also been upgraded to accommodate both commercial and residential uses in the surrounding neighborhoods.

6. *The length of time the property has been vacant as zoned, considered in the context of land development, in the area, in the vicinity of the subject property.*

Another test of the validity of the current zoning district is whether it can be shown that the property has remained vacant for a significant period of time because of restrictions in that zoning district.

According to the petitioner, the commercial building has been vacant for two years or more. Rezoning the property would allow for a wider group of commercial uses for which to market the property.

Summary of Staff Findings

1. The subject property is currently designated by the 2005 Urbana Comprehensive Plan as Community Business and is zoned B-1, Neighborhood Business.
2. The subject property is currently occupied by a commercial structure that has been vacant for the last two years.
3. The petitioner is requesting that the subject property be rezoned from B-1, Neighborhood Business to B-3, General Business in order to market the property for a broader range of commercial uses as permitted by the B-3 Zoning District, and to be consistent with other commercial zoning along South Philo Road.
4. The proposed rezoning to B-3, General Business would be consistent with the current land use and with the commercial uses and zoning within the surrounding Philo Road Business District.
5. The proposed rezoning is consistent with the 2005 Urbana Comprehensive Plan.
6. The proposed rezoning appears to generally meet the LaSalle Case criteria.

Options

The Plan Commission has the following options for recommendations to the City Council regarding Plan Case 2103-M-09:

1. Forward this case to City Council with a recommendation for approval.
2. Forward this case to City Council with a recommendation for denial.

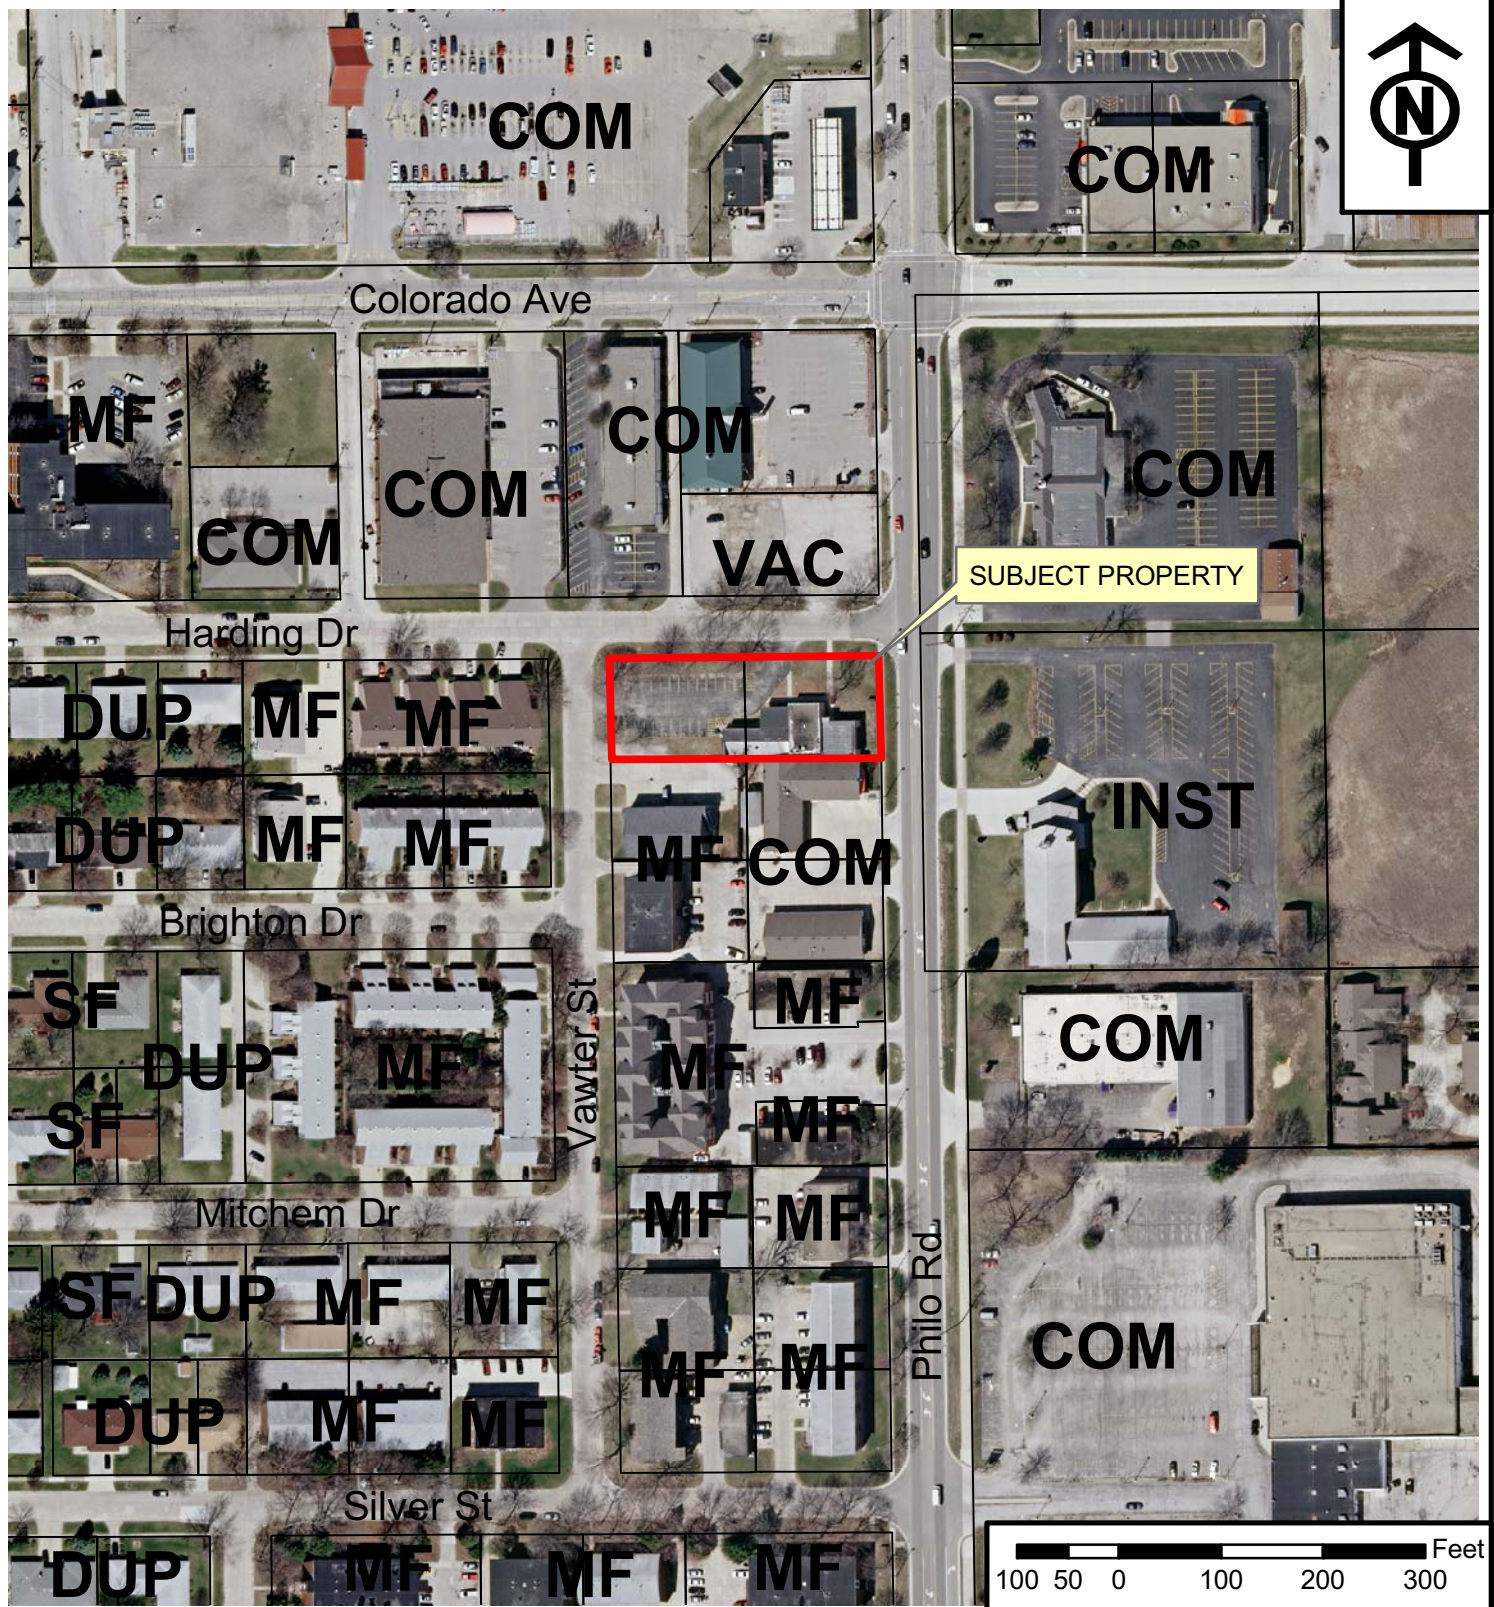

Staff Recommendation

Based on the evidence presented in the discussion above, and without the benefit of considering additional evidence that may be presented at the public hearing, staff recommends that the Plan Commission forward Plan Case No. 2103-M-09 to the Urbana City Council with a recommendation for **APPROVAL**.
