Planning Division

**m e m o r a n d u m**

**TO:** The Urbana Plan Commission

**FROM:** Marcus Ricci, Planner II

**DATE:** October 12, 2018

**SUBJECT:** **Plan Case 2352-M-18:** A request by Jonah Weisskopf to rezone an approximately 0.16-acre parcel from R-6, High Density Multiple-Family Residential to B-4, Central Business, located at 206 South Cedar Street, Urbana, Illinois, 61801.

**Introduction**

Jonah Weisskopf, property owner, has submitted a request for a Map Amendment to rezone one parcel in downtown Urbana from R-6, High-Density Multiple-Family Residential to B-4, Central Business Zoning District. The change would reflect the Future Land Use designation of “Central Business” attributed to this parcel in the 2005 Comprehensive Plan.

**Background**

The property is located on the east side of South Cedar Street, between West Elm and West Green Streets, and contains one two-story three-unit apartment building on a 6,877-square-foot lot (Exhibit A and A2). The house was built in 1872 and relocated to this site in 1930. The property is currently zoned R-6, High Density Multiple-Family Residential; it was rezoned from R-4, High-Density Multiple-Family Residential in 1970 (Exhibit B).

Land to the north, east, and south are zoned B-4, Central Business, and are the sites of the Urbana Free Library and Bluebird Boutique (see table below). Land to the west is zoned MOR, Mixed-Office Residential, and uses include lawyer offices, yoga studios/spas, apartment buildings, and houses of worship.

**Current Zoning and Future Land Use Summary Table**

<b>PROPERTIES</b>	<b>Zoning</b>	<b>Land Use</b>	<b>Future Land Use</b>
<b>Subject Property</b>	R-6	Residential	Central Business
<b>North</b>	B-4	Institutional	Central Business
<b>East</b>	B-4	Institutional	Central Business
<b>South</b>	B-4	Commercial	Central Business
<b>West</b>	MOR	Commercial & Residential	Central Business

**Discussion**

The proposed rezoning would expand the surrounding B-4, Central Business district to complete the block and bring the subject property’s zoning into conformity with its Future Land Use Designation (Exhibit C).

## The La Salle Criteria

In the case of *La Salle National Bank v. County of Cook*, the Illinois Supreme Court developed a list of factors that are paramount in evaluating the legal validity of a zoning classification for a particular property. In addition to the six La Salle Criteria, the court developed two more factors in the case of *Sinclair Pipe Line Co. v. Village of Richton Park*. Together, all eight factors are discussed below to compare the current zoning to the proposed zoning.

### *1. The existing land uses and zoning of the nearby property.*

*This factor relates to the degree to which the existing and proposed zoning districts are compatible with existing land uses and land use regulations in the immediate area.*

The proposed rezoning to B-4, Central Business is compatible with the zoning and land uses of the immediate area (see Exhibits A and B). To the north is a parking lot, to the east is a library, and to the south is a retail boutique, all zoned B-4. To the west are offices, apartment buildings and other commercial and residential uses zoned MOR. The proposed rezoning to B-4 would not create incompatibilities with the surrounding uses.

### *2. The extent to which property values are diminished by the restrictions of the ordinance.*

*This is the difference in the value of the neighboring properties with the current R-6 zoning of the subject property, compared to their value if the subject property was zoned B-4.*

The proposed rezoning to B-4, Central Business is the initial step in pursuing an “adaptive reuse of existing historic structures,” increasing the subject property’s potential use while maintaining the structure’s current integrity. Adding a commercial use to the currently-residential structure would increase the diversity of the local economy, which already boasts a boutique shop, two yoga studios/spas, a bed & breakfast, and professionals’ offices. This additional commercial site would serve to further stabilize the area and increase synergy between neighboring uses: patrons of the library may shop or eat at the site, or future site patrons may stroll around to the boutique or over to Lincoln Square Mall to shop or visit the Farmers’ Market. All of these interactions would be beneficial for those neighboring businesses, resulting in a potential increase in property value.<sup>1</sup>

### *3. The extent to which the ordinance promotes the health, safety, morals or general welfare of the public.*

*This question applies to the potential impacts of the proposed rezoning to public welfare.*

The proposed rezoning to B-4, Central Business will not affect the health, safety, morals, or general welfare of the public in any foreseeable way.

### *4. The relative gain to the public as compared to the hardship imposed on the individual property owner.*

*Do the restrictions provide gain to the public which offsets the hardships imposed on the property owner by the restrictions?*

---

<sup>1</sup> It should be noted that the Urbana City Planning Division staff are not qualified as professional appraisers and that a professional appraiser has not been consulted regarding the impact on the value of the property. Therefore, any discussion pertaining to property values must be considered speculative and inconclusive.

The public may see gain from the future potential business opportunities that could be incorporated into the building under the proposed B-4, Central Business zoning district, while they would see no gain in keeping the site as simply a three-unit apartment building. Conversely, the property owner would continue to experience potentially significant hardship from the reduced development potential that is allowed by the R-6, High Density Multiple-Family Residential zoning.

*5. The suitability of the subject property for the zoned purposes.*

*The issue here is whether there are certain features of the property which favor the type and intensity of uses permitted in either the current or the proposed zoning district.*

The subject property could be well-suited for the proposed B-4, Central Business uses by eliminating the current parking space requirements, which would allow for better use of the structure itself without having to sacrifice either building footprint or open space to provide additional parking. Given the existing B-4 zoning adjacent to the north, east, and south, the proposed B-4 district is logical, and reflects the Central Business Future Land Use designation shown in the 2005 Comprehensive Plan.

*6. The length of time the property has been vacant as zoned, considered in the context of land development, in the area, in the vicinity of the subject property.*

*Another test of the validity of the current zoning district is whether it can be shown that the property has remained vacant for a significant period of time because of restrictions in that zoning district.*

The subject property has been occupied since its relocation to the site in 1930. The higher and better use of the site through adaptive reuse, as a result of the proposed rezoning to B-4, increases the likelihood that the property will remain economically viable.

*7. The community's need for more of the proposed use.*

The uses allowed in the proposed B-4 district are varied, and would add to the diversity already present in downtown Urbana (Exhibit D & E).

*8. The care with which the community has planned its land use development.*

When the City adopted its Comprehensive Plan in 2005, it created a plan with several different levels of business types and intensities: Regional, Community, and Central. The subject property is within the area the plan contemplated as appropriate for Central Business-type land uses before the area transitions to Mixed Residential further south and west. The proposed rezoning to B-4, Central Business would help promote the Comprehensive Plan's vision for the Future Land Use of downtown Urbana and its surrounding neighborhoods.

## **Public Comment**

As of October 11, city staff received one public comment, which was in support of the proposed rezoning to B-4, Central Business (Exhibit F).

## **Summary of Staff Findings**

1. Jonah Weisskopf has petitioned to rezone 406 North Lake Street from R-6, High Density Multiple-Family Residential to B-4, Central Business to match the future land use designation in the Urbana Comprehensive Plan.

2. The proposed zoning map amendment is consistent with the 2005 Urbana Comprehensive Plan.
3. The proposed zoning map amendment generally meets the LaSalle and Sinclair criteria.

## **Options**

The Plan Commission has the following options for a recommendation to the City Council in Plan Case No. 2352-M-18:

1. Forward the case to City Council with a recommendation to approve the request as presented;  
or
2. Forward the case to City Council with a recommendation to deny the request.

## **Staff Recommendation**

Based on the evidence presented in the discussion above, and without the benefit of considering additional evidence that may be presented at the public hearing, staff recommends the Plan Commission forward Case No. 2352-M-18 to the City Council with a recommendation to **APPROVE** the proposed rezoning.

Dear Marcus Ricci:

I have received Notice of Public Hearing in case 2352-M-18.

Please make this email correspondence a part of the formal record of the Public Hearing.

I own the properties at 301 W Green (since 1986) and 303 W. Green (since 1982).

I operate Bruno Law Offices, together with my sons (and law partners) at 301 W Green Street. There are 4 residential apartments at 301 W. Green and 2 apartments at 303 W. Green. My tenants have historically sought proximity to the Urbana Downtown amenities.

This would allow for the highest and best use of the subject property and would be consistent with the way this area is used and envisioned by the public.

I support re-zoning the subject property to B-4, Central Business.
