RE: **Case 972-AT-20**

Part A: Amend the Champaign County Zoning Ordinance to add definitions for the following types of adult-use cannabis businesses: Dispensing Organization; Infuser Organization; Processing Organization; Transporting Organization; Craft Grower; and Cultivation Center, as detailed in the full legal description in Attachment A.

Part B: Amend the Champaign County Zoning Ordinance to add requirements for adult cannabis businesses only within 1.5 miles of a home rule municipality with more than 20,000 population, as detailed in the full legal description in Attachment A.

Case 973-AT-20

Part A: Amend the Champaign County Zoning Ordinance to add definitions for the following types of adult-use cannabis businesses: Dispensing Organization; Infuser Organization; Processing Organization; Transporting Organization; Craft Grower; and Cultivation Center, as detailed in the full legal description in Attachment A.

Part B: Amend the Champaign County Zoning Ordinance to add requirements for adult cannabis businesses only within 1.5 miles of a home rule municipality with more than 20,000 population, as detailed in the full legal description in Attachment A.

Part C: Add requirements to authorize the following adult cannabis businesses except within 1.5 miles of non-home rule municipalities and except within 1.5 miles of a home rule municipality with a population of 20,000 or less and except within 1.5 miles of a residential zoning district located more than 1.5 miles from a home rule municipality with more than 20,000 population, as detailed in the full legal description in Attachment A.

STATUS

At the March 12, 2020 public hearing, the Zoning Board of Appeals voted 4-1 to forward Case 972-AT-20 with a RECOMMENDATION FOR DENIAL, and voted 4-1 to forward Case 973-AT-20 with a RECOMMENDATION FOR APPROVAL. No public input was received for these cases.

Since that meeting, it was noted that staff erred in excluding Transporting Organizations in the I-1 and I-2 zoning districts. Staff recommends adding Transporting Organizations in these districts for both cases 972-AT-20 and 973-AT-20, and has added this to Attachments B, C, D, and E.

The Summary Finding of Fact for these cases can be found in Attachments B and C. Attachment D is a side by side comparison of Cases 972-AT-20 and 973-AT-20. Attachment E is a series of maps illustrating the differences in cannabis related land uses as proposed in Cases 972-AT-20 and 973-AT-20. The latest revisions were to include transporting Organizations as by-right in I-1 and I-2 districts for both cases, and to identify existing annexation agreements outside Champaign and Urbana.

ELUC AND COUNTY BOARD INPUT TO DATE

Cannabis regulation was first discussed by ELUC at its October 10, 2019 meeting, with the introduction of a proposed amendment that would allow each of the various types of cannabis related land uses authorized by the CRTA to be permitted by-right within specific zoning districts in Champaign County. One member expressed concern about access to cannabis by minors in smaller towns. There were only six members present at the meeting, and there was no majority of ELUC that supported sending the proposed amendment to a public hearing. The Zoning Ordinance amendment was continued for consideration to the November 7, 2019, ELUC meeting.

At the November 7, 2019 meeting, John Hall introduced the same proposed amendment that was introduced in October, and another proposed amendment that was a model ordinance prohibiting adult cannabis uses in unincorporated Champaign County. One resident from Penfield commented that Penfield is a quiet town and they would like it kept that way, in reference to allowing cannabis related business there. There were only six members present and the vote on both ordinances was a tie. However, the tie vote on the proposed "by right" Zoning Ordinance text amendment meant that the proposed amendment did not proceed to the ZBA, but because the prohibition ordinance was for County Board consideration, the tie vote allowed that ordinance to proceed to the full Board without a recommendation. The following is a summary of comments from ELUC members from the November 7, 2019 meeting:

Generally in favor of allowing adult use cannabis related businesses:

- One member said that cannabis related businesses will become a state allowable endeavor that has a tax benefit for the county. We voted to tax these businesses in all unincorporated Champaign County, so it would be odd to vote to collect tax from a business and then say they can't have a business.
- Regarding cultivation centers, the same member asked, would we contradict our own right to agriculture if we don't allow a grower to grow, and do we put ourselves in a position to be litigated against. The answer was that the state has given counties the right to opt-out.
- Another member stated that the discussion is more about whether someone has the right to own a certain type of business. It's a highly regulated law. They don't see the point in something being legal and we say that Champaign County isn't open for business.

Generally opposed to allowing adult use cannabis related businesses:

- One member did not want to see recreational cannabis businesses come into small towns, with the primary concern being the physical proximity to people under age 21. They suggested seeing how recreational marijuana sales play out in Champaign-Urbana before deciding on the unincorporated areas.
- Another member stated that hemp growing is going to be done in regular fields. Since our soils are so good, people are afraid it will go over the 0.3 THC limit. Not sure that industrial hemp could be grown in this area. We're so early in this, we don't know what it's going to be, and he is worried about the unintended consequences rather than the fact that we are trying to regulate business. This member was against the proposed amendment based on that.
- Another member said that young people are most impacted by marijuana and cannabis use. They said that our biggest issue is what happens in unincorporated areas where there isn't a structure in place to regulate. It's easier to control if we don't allow it in the first place.

At the November 21, 2019 County Board meeting, there was much debate regarding the cannabis prohibition ordinance, which the Board ultimately chose not to approve. A compromise was eventually proposed that would prohibit cannabis related uses within 1.5 miles of municipalities that did not also allow cannabis related uses, and also prohibit cannabis related uses from being near unincorporated settlements such as Penfield and Seymour. The compromise was also proposed to require similar requirements as required by those municipalities that already allowed cannabis uses, reasoning that such municipalities had already gained experience with such uses. The Board referred the topic back to ELUC for further consideration.

At the January 9, 2020, ELUC meeting, John Hall returned with the same pair of proposals. ELUC members unanimously approved sending both proposed amendments to the ZBA. The following is a summary of comments from ELUC members from the January 9, 2020 meeting:

Generally in favor of Option A: within 1.5 miles of Champaign-Urbana only (Case 972-AT-20)

- One member said that it bothers them that the craft grower use is undefined, where we know what a cultivation center is. They are concerned that we are going to over-produce and have an oversupply. They felt that Option A would be a good place to start and then maybe, if needed, we can come back and re-visit it and make changes in the future.
- Another member supports Option A more than Option B, but could live with Option B. They said that if there was a grow center out in County, appropriately zoned, it would be OK. As far as the special use permit, they support keeping that at the County Board level.
- Another member would be able to, very hesitantly, vote for Option A. They said that with Option B, it concerns them that it could come into the unincorporated areas when the communities don't want that type of business. They have been contacted by people saying they don't want it. They would like to slow down and slowly go into this, but could support sending both options to the ZBA.

Generally in favor of Option B: alternative transporter, cultivation center, and craft grower (Case 973-AT-20)

- One member said Option B would be more of a compromise that was suggested at the County Board meeting, and favored keeping the Special Use Permit in Option B at the County Board level.
- Another member said that they support Option B more than Option A at this point, but it just makes sense to send them both to ZBA now.
- Another member said that they don't think the County should limit anyone's ability to grow cannabis if it's done within the county zoning, and doesn't think we should limit access to economic development around this.

NEXT STEPS

Standard protocol is for the Committee to make a preliminary recommendation on a proposed text amendment at the first Committee meeting following a ZBA recommendation, and then make a final recommendation to the County Board at the next regularly scheduled Committee meeting (June 4, 2020, in this instance). The one-month delay in a final recommendation is intended to give municipalities and townships with plan commissions one month in which to provide comments or protests.
